

SM-33[®]

Teething Chart

Baby's Name: _____

Simply colour the tooth as it comes out and mark the date and baby's age, for a record that you can keep for years to come.

My first teeth appeared on these dates:

TOOTH	LEFT (date/age)	RIGHT (date/age)
1. Upper Central Incisors	_____ / _____	_____ / _____
2. Upper Lateral Incisors	_____ / _____	_____ / _____
3. Upper Cuspids (Canines)	_____ / _____	_____ / _____
4. Upper First Molars	_____ / _____	_____ / _____
5. Upper Second Molars	_____ / _____	_____ / _____
6. Lower Central Incisors	_____ / _____	_____ / _____
7. Lower Lateral Incisors	_____ / _____	_____ / _____
8. Lower Cuspids (Canines)	_____ / _____	_____ / _____
9. Lower First Molars	_____ / _____	_____ / _____
10. Lower Second Molars	_____ / _____	_____ / _____

SM-33 effectively relieves teething pain with only half the pain killers of other teething gels. Unlike most other gels, it gently numbs the gums as well as reducing inflammation and fighting infection. It also contains ingredients to cool, soothe and moisturise the gums, giving fast, effective relief.
